

POLITICS AT PROVO.

Non-Partisan Goldbug Coon Chased Up a Tree.

WANT GRAHAM MUZZLED.

EUREKA DEMOCRATS CALL A CITY CONVENTION.

Output of the Lehi Sugar Plant—Donkey Ride of the Man Who Bet on Bryan—Editor Snow's Trial at Brigham—Meeting of Cache County Teachers.

Provo, Sept. 18.—Since the Democrats of Provo have determined to enter the field with a straight silver Democratic ticket the Republican goldbug non-partisans feel as though they were being forced up a gum tree, and there is great consternation in their ranks. That the Democrats will put up a winning ticket is beyond the question of a doubt. They have the material and they also have the votes.

Last evening's Enquirer contained the following:

"Republicans seem to be more unanimously in favor of the citizens' movement than the Democrats." Well, I guess yes. The fact is the Democrats are almost unanimously against it, and besides there has been a conspicuous falling away of Democrats from the non-partisan move, which is causing all the glory foreboding so patent in that class at the present time.

It was stated today that certain prominent Republicans had made a request of the local gold bug press that they remain neutral and let the political affairs of the city work out their own results. This was unkind, when it was well known that the non-partisan move originated with this paper. It may be that there was a power behind it, but that it first set the tumble weed in motion here cannot be disputed. Despite the fact that the chiefs of this paper were playing for federal patronage and are just now anxiously watching the mails for notice of an appointment coming from President McKinley, still they would ask silver Democrats to assist in carrying out their schemes to get control of the city government.

AT THE SUGAR PLANT.

Company Has Shipped Twelve Carloads—Lehi Fair.

Lehi, Utah, Sept. 18.—At the sugar factory everything is running very satisfactory. Superintendent Grayson said the factory was on an average eight tons of beets per day more than last year, but it was found that some of the best beets were coming in from instead of last, as last year. Mr. Ausley says this year the farmers are more careful in tilling and do not deliver any beets that have to be returned on account of their being too large.

The company has on hand about 1,000 tons in the sheds and the farmers of Lehi, with the sugar company, are delivering about 15 tons a day. Some 5,000 tons have been received.

CHICKEN THIEVES.

Last night C. Christensen's sons chased away from the premises some chicken thieves, who departed without the horse and buggy that they had hatched near by. People from American Fork today told the outside world that it had been stolen from them the night before.

LEHI FAIR.

At the fair committee meeting last evening it was decided to have a number of booths and bids for candy, nuts and pop corn, which will be sold from the different merchants. When the fair was opened it was found that James Kirkham & Sons gave the most satisfactory bids and they were awarded the contract.

The voting for the queen is still on. Miss A. Bone is in the lead with 107, Miss E. Cutler at 75 and the rest of the candidates as before.

PALMER THREATENS SUICIDE.

It is now reported that a letter has been received by Mrs. Baker, the woman who eloped with the man Palmer from Lovelock, Nev., stating that he was in Ogden (she still being in Lehi) and that he had decided to kill himself, asking her to come to him and see that his body was taken care of. It is thought that she will make an effort to go to him.

THE LEHI RUSTLER HAS RUSTLED OUT OF TOWN AND GONE TO PROVO.

The farmers have now about got through with their threshing and, according to the amount of grain threshed, which is about 15,000 bushels, Lehi will have to look to some of her sister towns for some of her bread.

It is expected that some improvements will be made at Lehi Junction this fall. Surveyors have been at work surveying for a Y. Some new tracks are talked of in the yard and some union improvements are expected.

CACHE COUNTY TEACHERS.

A Well-Attended Session of the Institute.

Logan, Sept. 18.—The Cache County Teachers' Institute held a very interesting session today in the Brigham Young college building. County Superintendent Samuel Oldham presided. Sixty teachers were present. Professor William H. Aspley gave a carefully prepared lecture on "Mistakes of Teachers," and Superintendent Oldham made a very excellent talk on "Morality and Punctuality." Both the lecture and Aspley were listened to with close attention. The teachers are wide awake and attentive in their work.

The Logan city schools opened last Monday with the following attendance: Woodruff, 500; Benson, 320; Webster, 45; Ellis, 42; Carl, 33; Haws, 43; and Franklin, 42. Total, 1,022. This is a larger number than the schools opened with last year.

Professor John A. Widson of the agricultural college has returned from a trip to the Grand Canyon of the Colorado. He and party traveled 100 miles south of the Utah line, exploring the country and making geological collections. They visited most of the canyons in the southern part of the state, and collected samples of the soil for tests at the college.

The agricultural college opens next Tuesday. Many important changes and improvements have been made during the past summer.

TYPHOID FEVER HAS DEVELOPED AT MILLSVILLE, THIS COUNTRY.

POLITICAL INTEREST.

Great interest is being manifested

among the Democrats of Logan with reference to candidates for office in the city, and no doubt the party will endeavor to put forth its best men. The coming election is being forebodingly by groups and knots of politicians quite frequently on the streets.

James Mack came up from Ogden this morning.

Justice William N. Thomas' marriage feast has just continued. Thomas L. Dece and Miss Cora A. Whitehill, both of Ogden, this morning upon receiving the license to wed from Clerk Mathews, stepped across the hall into the justice's office and the nuptial knot was tied.

It has developed that Mrs. James Jones, who was in the runaway with Miss Sarah Myers at Wellsville last week, was also quite seriously injured. After reaching her home she was taken quite ill.

Your correspondent yesterday, in stating that Miss Zannie Cannon would teach in the Brigham Young college, erred. She takes the place vacated by Miss Clara R. Kanyan, who resigned at the close of last year, in the agricultural college.

J. L. Hatch, assistant cashier of Thatcher Bros' Banknote company, was tendered a farewell party last evening by the Sunday school and Mutual Improvement association of Logan. Second ward, consisting of a programme and ball, during which ice cream and cake was served. It was a success in all respects.

Mrs. Hugh H. Gowans of Tooele county, wife of President Gowans, is here visiting her son, Dr. E. G. Gowans.

Mrs. Sidney Stevens, her daughter Kate, and son Henry, are spending a few days visiting with her son, S. O. Stevens, manager of the Stevens' implement house.

EDUCATION IN THE SOUTH.

Opening of the Branch Normal School at Cedar City.

Cedar City, Sept. 18.—Teachers of the branch normal school began their examination of pupils yesterday and are highly pleased with the outlook. The examination began with some 35 students, and will cover a period of three days. Many others have reported their intentions to become enrolled at a later date. This section of the country, being an agricultural one, many are engaged in that pursuit, and are unable to begin with the opening of the school. When this work is over there will certainly be a great increase in the number of students. Principal Benion intends visiting some of the surrounding settlements in the near future in the interest of the school and create if possible a greater desire on the part of the people to avail themselves of the advantages of normal training and a higher education, which they now have access to. Besides the normal school we have a district school, than which we believe there is no better in the south. In this are employed some six teachers, three of whom are male and three female.

The church school located here will open on the 20th inst. Cedar will then have a school with advantages for all who desire to come.

The season has not been as prolific for the farmer as was expected. The grain crop in many instances has fallen below the average.

PEACE AND HEALTH PREVAIL.

EUREKA DEMOCRATS.

All Who Endorse the Chicago Platform Invited to Primaries.

Eureka, Sept. 18.—A call for a city convention has been issued to the Democrats of Eureka by Chairman M. F. Sammon of the Eureka precinct Democratic committee, to be held in the I. O. O. F. hall on Oct. 8 at 8 o'clock for the purpose of selecting a city committee and for the nomination of candidates for the following offices, to-wit: Mayor, marshal, recorder, treasurer, city councilman, city justice of the peace.

It invites all old Democrats, ex-Republicans and Populists who believe in the platform adopted by the Chicago convention. Heretofore only a city precinct Democratic committee has been elected, and consequently a city committee has never been elected, and the former is the only organization of the Democratic party in Eureka.

John A. Kirby, Hyrum Beck, Mrs. David Duple and R. S. Sny and wife went to Salt Lake this morning over the Rio Grande Western.

James Bostice, the popular undertaker of Eureka, who has been in the hospital at Salt Lake for the past two weeks, returned to Eureka and is now on the road to a speedy recovery.

WOODWARD'S DONKEY RIDE.

Springville, Sept. 18.—B. E. Woodward, a Brooklyn, N. Y. newspaper man, drifted in here from the east this morning. He created quite a ripple of excitement and his appearance brought the town's contingent of kodak friends to the surface. He is en route for San Francisco on mule back as the result of a fall on a horse, which he rode from which he lost his leg to ride mule back in a year wearing a Prince Albert coat and plug hat and carrying his way. If he registers in the Palace hotel, San Francisco, by Nov. 3 he wins, otherwise he loses \$5,000. He thinks he will get stuck here. He is now mowing his plug hat and wears a moustache of boy variety; his Prince Albert has seen better days and many adventures and with his six feet and six inches of height on his diminutive mule he presents a nondescript appearance. His adventures will make a readable book. Underneath his tan and old clothes Mr. Woodward is a scholar and a gentleman, being a West Pointer of the class of 1887 and a newspaper man of local prominence. He will be in Salt Lake soon.

CASE OF EDITOR SNOW.

Brigham City Trial Attracts a Large Crowd of Spectators.

Brigham, Sept. 18.—The trial of Editor Snow is still in progress. The statement of the defendant is in direct contradiction of the doctors in some points and it will be a hard matter for the jury to decide where the truth lies. There has been a running fight between the attorneys, B. H. Jones for the defendant and R. R. Jones for the plaintiff, as to introducing evidence of the publication of the article which caused the "scurry."

The court room has been well filled all day with interested spectators, a great many of them being ladies and relatives of the editor.

A very slight twinge of earthquake was felt at about 10 o'clock this morning, just a second's tremble.

RAILROAD TWISTED.

Price Advocate: J. A. Brown of the Rio Grande Western secret service, lodged a complaint against one Bert Levi, charging him with cutting off the ends of ties at Horse creek, which had the company's inspection mark on them and selling them again to the company. Sheriff Alfred left on No. 1 this morning with a warrant for Levi's arrest. It is claimed that this funny business has been going on for some time.

DEED TO SANPETE COUNTY.

CHIEF ARROPINE'S GIFT TO BRIGHAM YOUNG.

Deeded Him the Whole of Sanpete County and Other Property, Valued at \$158,768—Interesting Relic.

Maniti, Utah, Sept. 18.—That Sanpete county was once deeded away in its entirety by one of the most influential chiefs in Utah is probably not known by many people of the state. To show that this was done I transmit herewith a copy of the original transfer as made by Arropine, the old chief, to President Brigham Young, trustee in trust for the Church of Jesus Christ of Latter-day Saints.

In this volume of relics are found numerous transfers of property, real and personal, of the early settlers of Sanpete county. It was called "Conservation," and no doubt those who claim deeded away their property did so thinking that they were fulfilling one of the commandments of God.

FOLLOWING IS THE DEED:

Be it known by these presents, That I, Arropine (signor) of Maniti City, in the county of Sanpete and Territory of Utah, for and in consideration of the good will which I have to the Church of Jesus Christ of Latter-day Saints, give and convey unto Brigham Young, trustee in trust for said church, his successors in office and assigns, all my claim to, and ownership of, the following described property, to-wit:

The whole of that certain country known as Sanpete county, together with all the claims and material in the same, valued at \$158,768; ten horses, valued at \$200; four cows, valued at \$100; one bull, valued at \$40; farming tools, valued at \$10. Total amount, \$159,768 (one hundred and fifty-five thousand seven hundred and sixty-eight dollars), together with all the rights, privileges and appurtenances thereto belonging or appertaining.

I also covenant and agree that I am the lawful claimant and owner of said property, and will warrant and forever defend the same with said trustee in trust, his successors in office and assigns, against the claims of my heirs, assigns, or any other whatsoever.

SIGNER: ARROPINE. X

Witness: George Suora, R. Wilson

County Clerk, Sanpete County, Utah.

Territory of Utah, County of Sanpete.

I, John Eager, county recorder for Sanpete county, do hereby certify that the above transfer, personally known to me, appeared this twenty-third day of December, A. D. 1850, and acknowledged that he of his own choice executed the foregoing transfer.

JOHN EAGER, County Recorder.
